

Attention Chairman of Public Health Committee, and Rep. Matthew Ritter and
Chairman Senator Terry Gerratana and members of The Public Health Committee.

This is regarding Bill # 5625

My Name is Gail Najam I have been in practice for 25 years in the state of Connecticut, I received my training from The New York Institute of Electrolysis as it was one of the only schools that afforded accreditation to allow me to prepare for the Connecticut State Board exam. My profession is regulated by the Dept. of Public Health , I do not feel as a practicing electrologist , and for the future of electrolysis should go under the labeling of surgery. Please do not accept this bill as written.

Thank You for your attention ,
Gail Najam CPE
